

Education

Bachelor's at Mechanical Engineering,
University of Poloponnese

09/2013 – 02/2020 | Patras, Greece

Thesis: Measurements of the calorific value of gas fuels with the method of Cone Calorimeter

Skills

MasetCAM

I have worked using MasterCAM in an everyday basis.

SOLIDWORKS

Used mostly for sheet metal processing and 3D designs.

AutoCAD

I've used AutoCAD to work mostly on 2D sketches in an almost everyday basis, depending on customer needs.

TruTops

I've used TruTops for punching processing - a very usual task in the company I worked for.

BySoft

I've used TruTops for punching processing - a very usual task in the company I worked for.

Corel

I've used Corel for image editing, which wasn't a big part of my job.

Photoshop

I've used Photoshop for image editing, which wasn't a big part of my job.
