## **⋒** Education

## Bachelor's at Mechanical Engineering,

University of Poloponnese

Sep 2013 - Feb 2020 | Patras, Greece

Thesis: Measurements of the calorific value of gas fuels with the method of Cone Calorimeter

## **MasetCAM**

I have worked using MasterCAM in an everyday basis.

### **SOLIDWORKS**

Used mostly for sheet metal processing and 3D designs.

I've used AutoCAD to work mostly on 2D sketches in an almost everyday basis, depending on customer needs.

## **TruTops**

I've used TruTops for punching processing - a very usual task in the company I worked for.

## **BySoft**

I've used TruTops for punching processing - a very usual task in the company I worked for.

I've used Corel for image editing, which wasn't a big part of my job.

## **Photoshop**

I've used Photoshop for image editing, which wasn't a big part of my job.
